Proposed revisions to R4-28-404 will establish substantive requirements for school approval, identify procedures for notice to the Department of upcoming courses, require records of students attending Department-approved courses be retained within Arizona, establish minimum qualifications for instructors seeking approval to teach a pre-licensure course, require applicants for instructor approval or renewed approval to demonstrate attendance at a presentation skills workshop, establish a probationary instructor status, establish procedures for 'guest speaker' approval, establish a maximum number of hours an instructor may teach per calendar day, establish acceptable numbers of students in a classroom above which a monitor is required to monitor attendance and assist with student control.
